

# **List of Properties and Social Security Numbers Associated with Barack Obama and Family**

*The person who generated the list of names, addresses, and SSNs is Mr. Neil Sankey, a former British policeman who's now a licensed private investigator in Los Angeles. Even a person untrained in investigation can see, through simple cross referencing, that the majority of items listed here do have an obvious connection with Barack Obama, or one of his (apparently numerous) aliases, or of a family member. This information dovetails with the information uncovered by Wayne Madsen that Barack Obama and his family have worked extensively for the Central Intelligence Agency. Note also that it has been discovered that the SSN of Barack Obama's mother is still active, and being used by an individual in New York in the employ of the Ford Foundation.*
